RE: MONITOR MINERALS/PEARL QUEEN PERLITE ANNUAL REPORT OF MINING  
OPERATIONS, SURVEY OF PREVIOUSLY DISTURBED GROUNDS, AND  
APPLICATION FOR LARGE MINING PERMIT.

Dear Mr. Hedberg:

Enclosed please find our Annual Report for the Year 1995, a  
survey on 1" = 50' scale of disturbed mined areas, and our  
application for a Utah State Large Mining Permit.

To bring you up to date, we did not mine during 1995, but we  
believe we did make significant progress in our preparations to  
do so. We are currently constructing our perlite mill and  
loadout facility at Milford, Utah, and we have secured contracts  
and financing to bring this mine into full development. We hope  
to be in production within several months.

We appreciate your help and service to date, and we look forward  
to extending our partnership as we work with you through the  
permitting stage and during the mine life of this venture.

Very Sincerely Yours:

Daniel J. Gatten
